1. APPROVAL OF MINUTES - Meeting of February 10, 2003

2. FINALIZE VISION STATEMENT

At the Committee's last meeting, the Committee reviewed the vision statements from the other subcommittees and identified a draft overall vision that would guide the rest of the General Plan preparation. The purpose of this item is to allow committee members to review and finalize the Vision statement, and to share feedback from the members of the Infrastructure and Services Committee and the Environment and Open Space Committee. MIG will be present to facilitate.

3. DEVELOPMENT OF GOALS STATEMENTS

The next step in providing General Plan direction is to identify a set of key goals based on the vision that will serve as the foundation for preparing more detailed objectives, policies and land use designations for the General Plan. Staff will elaborate on the purpose of goals, including their relationship to the vision, what they do, and how they will be used. Starting with draft goals identified by other subcommittees, MIG will facilitate committee discussion to develop a complete set of proposed goals.

4. SCHEDULE OF FUTURE STEERING COMMITTEE MEETINGS

Staff would like to discuss having additional Steering Committee meetings in March, April, and May leading up to the Town Hall II meeting in late May. After Town Hall II, the major tasks will center around the preparation of land use alternatives; therefore, there may be a need to continue with two meetings per month until completion of the alternatives. Staff will be prepared to discuss this item and any approaches the Committee would like to pursue.

5. PUBLIC COMMENT

6. ADJOURNMENT – to a meeting in late March (date to be determined) and then to the meeting of April 14, 2003 at 6:00p.m.
